Canards Illimités Canada
La conservation des milieux humides

75 ANS D'EXCELLENCE
EN CONSERVATION

Des partenariats ciblés

Chaque parcelle de milieu humide ou de terre haute adjacente conservée par CIC est le résultat de partenariats.

Ces partenariats sont la pierre angulaire du leadership de CIC en matière de conservation et sont la raison pour laquelle nous pouvons envisager si distinctement un avenir pour la conservation des milieux humides en Amérique du Nord.

Grâce à ce réseau pancontinental de bénévoles, d'employés et de donateurs, Canards Illimités Canada, Ducks Unlimited, Inc. et Ducks Unlimited de Mexico peuvent participer à des programmes internationaux comme le Plan nord-américain de gestion de la sauvagine (PNAGS). Établi en 1986, le PNAGS est un partenariat avec les gouvernements fédéral et provinciaux, des administrations municipales, des États, des organismes non gouvernementaux, des entreprises privées et de nombreux particuliers dans l'optique d'améliorer les milieux humides au bénéfice de la sauvagine, des autres espèces fauniques associées à ces habitats et de l'être humain. Canards Illimités est fier d'être étroitement associé au PNAGS, l'une des initiatives de conservation les plus réussies au monde.

La North American Wetlands Conservation Act (NAWCA), adoptée par le Congrès américain en 1989, assure un appui financier au PNAGS. Grâce à un financement international à frais partagés, la NAWCA favorise les partenariats entre le secteur public et le secteur privé pour protéger, restaurer et assurer la gestion d'une diversité de milieux humides. Du golfe du Mexique jusqu'au delta du fleuve Mackenzie à Inuvik, les oiseaux migrateurs et d'autres espèces fauniques utilisent les habitats que nous nous employons à conserver.

Nulle part ailleurs dans le monde nous ne retrouvons un partenariat comme celui qui existe entre Canards Illimités Canada et la force de conservation de sa contrepartie américaine, Ducks Unlimited, Inc., dont les sympathisants reconnaissent que la conservation des habitats canadiens engendre des populations élevées de sauvagine à l'échelle continentale.

Sur le plan national, nous sommes redevables aux personnes qui appuient CIC : nos bénévoles et nos supporteurs, ainsi que les entreprises et les gouvernements, qui comprennent la longue portée des avantages résultant de notre travail.

Des remerciements particuliers à nos partenaires gouvernementaux

La vision de conservation de CIC : des populations de sauvagine et des milieux humides abondants – aujourd'hui, demain et pour toujours. Le soutien des administrations fédérales, provinciales et des États au Canada et aux États-Unis est essentiel pour concrétiser cette vision. Les administrations mentionnées ci-dessous ont apporté leur contribution au Canada au cours de la dernière année.
