Subject: Call for continued investment in wetland conservation

Dear Ms./Mr.,

As a resident of ***** I am asking Ontario's party leaders and each of you, my local candidates, where do you stand on the importance of wetland conservation and the need for continued investment?

Wetlands have proven environmental and economic benefits including mitigating flooding, cleaning our drinking water, and providing habitat for wildlife and areas for recreation. Despite these benefits, wetlands continue to be lost, and that's why conservation of wetlands is so important now more than ever.

To truly achieve sustainable growth and development we are asking for your support for continued investment in wetland conservation and provincial commitment to stronger wetland protection policies.

My vote, is a VOTE FOR WETLANDS!

Signed
